

Quotation for Neev - Construction Management Solutions

Date: July 29, 2026

To: Paradigm Friends Realtors LLP

Subject: Proposal and Quotation for Neev - Construction Management Solutions (CMS) - On-Premise Deployment

1. Project Overview

This quotation covers the licensing, one-time on-premise deployment, and ongoing maintenance of the **Neev CMS** for **Paradigm Friends Realtors LLP**. The system will be deployed on the client's own physical infrastructure and is licensed for the management of **2 Real Estate Projects** until their completion.

2. Scope of Work & Included Features

The Neev CMS suite provides end-to-end management of real estate bookings, financial tracking, and customer communications. The following features are included in this deployment:

Project & Inventory Management

- Configuration of up to 2 Real Estate Projects.
- Management of Wings, Floors, and Units (Residential/Commercial).
- Real-time tracking of Unit Status (Available, Booked, Sold, Blocked).

Booking & Sale Lifecycle

- Comprehensive buyer registration (Primary & Co-owners).
- KYC Document Management (PAN, Aadhaar) with secure local storage.
- Dynamic generation of Quotation, Allotment Letters, and Agreements for Sale.

Financial Tracking & Milestones

- Custom Payment Schedules linked to Construction Milestones.
- Automated tracking of Stamp Duty, Registration, and Parking Charges.
- Payment collection tracking, receipt generation, and ledger maintenance.

Automated Communications

- **Demand Letters:** Auto-generation and dispatch of demand letters upon milestone completion.
- **Architect Certificates:** Seamless attachment of architectural completion certificates with demand letters.
- **Omnichannel Delivery:** Automated delivery of all documents and payment receipts via **Email (Gmail SMTP)** and **WhatsApp (Meta Cloud API)**.

Deployment & Security

- **On-Premise Setup:** Full installation on your local Windows Server infrastructure.
- **Zero-Trust Access:** Configuration of Cloudflare Tunnel to provide secure remote access to the CRM.
- **Data Sovereignty:** All data, including the database and customer documents, remains strictly on your local servers.

3. Commercials & Pricing

The total cost includes the software license for 2 projects, the one-time deployment effort on your infrastructure, and ongoing maintenance/support until the completion of these 2 projects.

Description	Amount (INR)
Neev CMS License & Maintenance (Year 1)	₹ 1,50,000
Neev CMS License & Maintenance (Year 2)	₹ 1,50,000
One-Time On-Premise Deployment	<i>Included</i>
Total Contract Value	₹ 3,00,000

(Note: Prices are inclusive of third-party API costs, such as WhatsApp conversation charges and OCR APIs for AI Powered KYC.)

4. Payment Terms

The total contract value of ₹ 3,00,000 will be billed as follows:

- **Advance Payment:** ₹ 1,50,000 payable upon the signing of the agreement and prior to deployment.
- **Second Tranche:** ₹ 1,50,000 payable exactly 1 year from the date of signing the agreement.

5. Deployment Period

The deployment for these 2 projects will be completed within 4 weeks from the date of signing the agreement.

6. Support & Maintenance

- Routine bug fixes, software updates, and performance optimizations.
- Support for server reboots and over the air updates on your server.
- Assistance with resolving any communication gateway (WhatsApp/Email) connection issues.
- Does *not* include hardware support, Windows Server OS maintenance, or physical network troubleshooting.
